

QK LUX

FLIGHT-TYPE DISHWASHERS
WITH 3R+ REINFORCED TRIPLE RINSE

KROMO
YOUR SMART WASH

Big news at KROMO!

We are happy to introduce the "Green" QK LUX! This range has been enhanced and rewarded with the SMART LABEL HOST 2023 award for its functional efficiency. Thanks to innovative pre-rinse and rinse arms, we have achieved exceptional results while maintaining the same performance: 35% water savings compared to previous versions! Added to this innovation is the introduction of new options, including a renewed triple rinse, with osmotic water supply on request, and an improved drying system, which make them flexible, complete and first-class flight-type conveyor dishwashers. As you know, our goal is to minimize the use of envi-

ronmental resources but also your operating costs. Features such as the detergent economizer, the concept of thermal insulation, the CPF system and the double reinforced rinse show KROMO's wish to progress in the search for innovative solutions, ever more profitable and environmental friendly. As always, the KROMO flight-type conveyor dishwashers are available in multiple versions that can be combined with our other ranges (tray washers, rack conveyor dishwashers, transportation systems, etc). Our washing solutions, increasingly efficient over the years, adjust to different requirements while guaranteeing high hygiene standards to ensure optimal sanitation.

FEATURES

STANDARD

- SMART DRIVE 5 speed advancement system
- 710 mm wide conveyor
- Plates belt
- TFT 5.7" display and soft touch keyboard
- Frequently used keys shortcut and menu language setting
- Constant monitoring of key operations
- IPX5 electronic board
- Alarms and events report
- Autotimer
- Centralized 1-DRAIN and automatic AD drain, with total or partial emptying of the tanks
- Wash arms ALL-IN-1
- Use economizer
- ECO-DET detergent economizer
- ACID PROOF radial wash tanks in S/S AISI 316 inclined to provide complete drainage of the wash water
- S/S surface filters CLEAN+ to protect the wash tanks as well as the wash pump
- Double-skin, insulated and counterbalanced doors, equipped with anti-drop safety system
- THERMO BARRIER system for comfort in use
- Predisposition for KROMO rinse-aid and detergent dispensers connection
- Non return valve
- ACID PROOF stainless steel boilers in AISI 316, fully insulated to reduce thermal loss.
- Vertical self-cleaning pumps
- Reinforced double rinse 2R+, improved efficiency with lower consumption
- CPF System: Controlled Pressure Flow
- Water, energy consumptions and working time control system
- Possible working modes for dryer unit: all off, only fan, half power 4,5 kW + fan, total power 9 kW + fan

OPTIONS

- Five different conveyor belts available, also with cutlery lane
- Different types of dryers: double skin dryer on module (with or without turboblowers) or on shelf (double skin on request)
- **NEW:** Double skin lateral dryer on shelf: innovative system with upper fan for improved drying results
- Steam condenser
- Three models of heat recovery to be chosen
- **NEW:** Triple reinforced rinse 3R+ for drastically reduced water consumption (with reverse osmosis water on separate module on request)
- AS6 Automatic shower with EASY+ with filter system
- Dispensers kit with peristaltic pump, for détergent as well as rinse-aid
- CONNECTIVITY remote control compliant with the HACCP norms (on request)
- Delivery in two or more parts, to ease installation operations
- Automatic self-cleaning of the machine available, with dedicated booster pump on request
- Tank insulation
- Break tank and booster pump
- Dedicated space for détergent and rinse-aid jugs
- S/S pumps
- Extra power in the boiler

STANDARD BELTS

Standard belt
for plates and
optional cutlery lane

Standard belt
for glasses

Standard belt
for trays and utensils

OPTIONAL BELTS

Special belt
for hospitals

Special belt
for thermal trays

Special belt
for in-flight catering

CONNECTIVITY 4.0 & APP

WHEREVER YOU ARE...
YOUR DISHWASHER, JUST A CLICK AWAY

You will be constantly connected to the machine to monitor the work phases, review any eventual alarm and configure remotely the operating parameters according to your needs. Compliant with HACCP norms. Thanks to our brand new App, you will have access to connected machines and all commercial and technical documentation.

SMART LABEL HOST 2023 FOR FUNCTIONAL EFFICIENCY

According to the KROMO's sustainability vision and attention to customer operating costs, the QK range of flight conveyor dishwashers has been renewed. The result is a great reduction in water consumption: more than 35% when compared to the previous version, an important figure in today's environmental and economic needs. To do so, new rinse and pre-rinse arms and ramps have been designed to achieve one of the lowest consumption levels in our sector. With lower water, KROMO continues to ensure high quality rinsing results. Indeed, a higher washing pressure guarantees optimal results with the removal of all the chemicals present on the dishes. Such reduction of water also means significant savings in terms of detergent and energy, that have become very high expenditure items.

View all the working parameters and event records, working hours and any problem at any time.

In case of problem, the machine promptly alerts you. The technician can intervene remotely to solve the problem or anticipate the needed parts for an on-site intervention.

A daily activity report is available with all the events related to the dishwasher in a detailed spreadsheet with HACCP data.

Our Connectivity system is a revolutionary device limiting and facilitating the eventual intervention of a technician who can anticipate the necessary parts to be replaced, saving time and money.
