

QK PREMIUM

FLIGHT-TYPE DISHWASHERS
WITH 3R+ REINFORCED TRIPLE RINSE

KROMO
YOUR SMART WASH

You deserve the best. With the new QK PREMIUM "Green", you will have it!

This range has been enhanced and rewarded with the SMART LABEL HOST 2023 award for its functional efficiency. Thanks to innovative pre-rinse and rinse arms, we have achieved exceptional results while maintaining the same performance: 35% water savings compared to previous versions! Added to this innovation is the introduction of new options, including a renewed triple rinse with osmotic water and an improved drying system, which make them flexible, complete and first-class flight-type conveyor dishwashers. Let us not forget that KROMO's vision is to minimize

the use of environmental resources but also your operating costs. Features such as the detergent economizer, the concept of thermal insulation, the CPF system and the double reinforced rinse show KROMO's wish to progress in the search for innovative solutions, ever more profitable and environmental friendly. Unique systems like HDRF make the machine energy self-sufficient and cost effective. Finally, the communication experience with the machine has been revolutionized thanks to the brand new Connectivity remote interaction system, available on all electronic devices and on the brand new KROMO App. Everything is under control in the blink of an eye!

FEATURES

STANDARD

- SMART DRIVE+ 10 speed advancement system
- 710 mm wide conveyor
- Plates belt
- TFT 5.7" display and soft touch keyboard
- Frequently used keys shortcut and menu language setting
- Constant monitoring of key operations
- IPX5 electronic board
- Alarms and events report
- Autotimer
- Break Tank system
- Centralized 1-DRAIN and automatic AD drain, with total or partial emptying of the tanks
- Wash arms ALL-IN-1
- Use economizer
- ECO-DET Detergent economizer
- Thermal and acoustic insulation of both the machine and tanks
- ACID PROOF Radial wash tanks in S/S AISI 316 inclined to provide complete drainage of the wash water
- S/S surface filters CLEAN+ to protect the wash tanks as well as the wash pump
- Double-skin, insulated and counterbalanced doors, equipped with anti-drop safety system
- THERMO BARRIER system for comfort in use
- Predisposition for KROMO rinse-aid and detergent dispensers connection
- ACID PROOF stainless steel boilers in AISI 316, fully insulated to reduce thermal loss.
- Vertical self-cleaning pumps
- Booster pump
- 🌿 Reinforced triple rinse 3R+ : improved consumptions (reverse osmosis on request)
- CPF System: Controlled Pressure Flow
- Water, energy consumptions and working time control system
- Possible working modes for dryer unit: all off, only fan, half power 4,5 kW + fan, total power 9 kW + fan

FEATURES

OPTIONS

- Five different conveyor belts available, also with cutlery lane
- Different types of dryers: double skin dryer on module (with or without turboblowers) or on shelf
- **NEW:** double skin lateral dryer on shelf: innovative system with upper fan for improved drying results
- Two types of steam condensers available
- Three models of heat recovery to be chosen
- HDRF: patented insulated linear system of dryer and heat recovery Steam-heated system available. Self-cleaning of the heat exchanger included"
- **NEW:** triple reinforced rinse 3R+ con reverse osmotic water on a separate module
- AS6 Automatic shower with EASY+ with filter system
- Dispensers kit with peristaltic pump, for detergent as well as rinse-aid
- CONNECTIVITY remote control compliant with the HACCP norms (on request)
- Delivery in two or more parts, to ease installation operations
- Automatic self-cleaning of the machine available, with dedicated booster pump on request
- STOCK: Dedicated space for detergent and rinse-aid jugs
- S/S pumps
- Extra power in the boiler

STANDARD BELTS

Standard belt for plates and optional cutlery lane

Standard belt for glasses

Standard belt for trays and utensils

OPTIONAL BELTS

Special belt for hospitals

Special belt for thermal trays

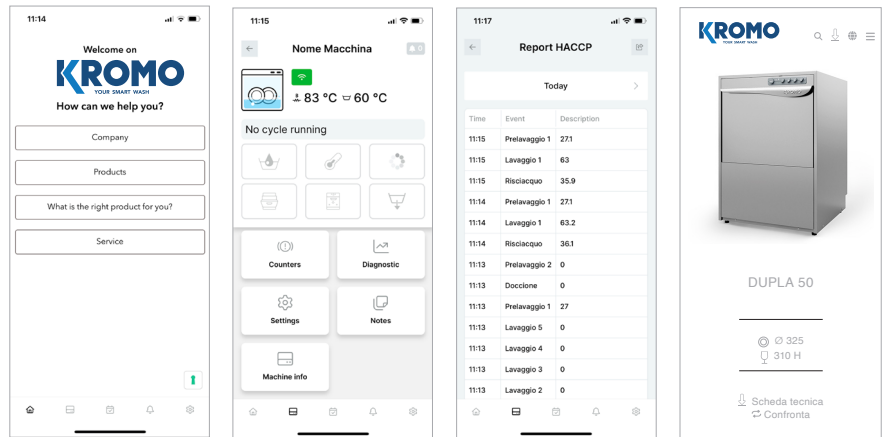

Special belt for in-flight catering

CONNECTIVITY 4.0 & APP

WHEREVER YOU ARE...
YOUR DISHWASHER, JUST A CLICK
AWAY

You will be constantly connected to the machine to monitor the work phases, review any eventual alarm and configure remotely the operating parameters according to your needs. Compliant with HACCP norms. Thanks to our brand new App, you will have access to connected machines and all commercial and technical documentation.

SMART LABEL HOST 2023 FOR FUNCTIONAL EFFICIENCY

According to the KROMO's sustainability vision and attention to customer operating costs, the QK range of flight conveyor dishwashers has been renewed. The result is a great reduction in water consumption: more than 35% when compared to the previous version, an important figure in today's environmental and economic needs. To do so, new rinse and pre-rinse arms and ramps have been designed to achieve one of the lowest consumption levels in our sector. With lower water, KROMO continues to ensure high quality rinsing results. Indeed, a higher washing pressure guarantees optimal results with the removal of all the chemicals present on the dishes. Such reduction of water also means significant savings in terms of detergent and energy, that have become very high expenditure items.

View all the working parameters and historical events, working hours and any problems at any time.

In case of problems, the machine promptly sends an email to you and to the technician who can intervene remotely to solve the problem or equip himself for on-site intervention.

The program allows you to remove an Excel file with all Haccp data at any time.

Discounts are provided for the purchase of 4.0 devices. You will be able to recover 40% of the cost of the car. Request more information to find out more.
